

Double Dagger

US3R519840	13-JAN-21_04:12:44	No.78765	After 'why are they doing it?'. the most commonly asked question is 'how are they getting away with it?' The answer is an old one. They are leveraging the stupidity of the mob and making them hate anyone who stands and tells the truth. We're here because we can't say this in public. People have been made to forget that the principle of free speech was a profound human right, and without it, tyranny can only grow. We lost all that in a generation, but it will take a hell of a lot longer to get it back.
US3R129845	13-JAN-21_04:13:34	No.78766	^78765 Assuming we ever do get it back.
US3R519840	13-JAN-21_04:15:43	No.78767	There must have been times when the Third Reich looked as though it was going to take over humanity for its promised thousand years, but it lasted barely twelve. Of course, in those days there was the rest of the world to stamp it out. Now that Klaus Schwab's Fourth Reich is emerging all over the world all at once, there isn't any cavalry to come riding over the nearest hill. However, stealing the whole world is one hell of an ask. For that reason alone, I really do feel that there may be a plan for a controlled depopulation and the establishment of a small technocratically controlled hybrid slave population. Then, they have a chance of establishing their hell on earth.
US3R129845	13-JAN-21_04:18:02	No.78768	^78767 What is it going to take to wake people up?
US3R519840	13-JAN-21_04:19:51	No.78769	Nothing. I don't think the globalists would have launched such a crazy plan if they didn't think that people were stupid enough to fall for it. This has been a long time in the planning, and they have expended vast sums of money on the right people in the right places. The globalists who are doing this have filled the public offices with corruption. The mindless believers who trust the media and the politicians are simply getting what they paid for. They'll never wake up, even when they're dying off in a few years time. They'll blame the people who tried to tell them the truth. Sorry, but that's the way it feels.
US3R129845	13-JAN-21_04:22:16	No.78770	^78769 Wow. OK, try one more. What is the best course of action?
US3R519840	13-JAN-21_04:24:40	No.78771	Honestly? Get out of the way and hope you can find somewhere remote enough to hide while the whole mess falls under the weight of its own fascism. I don't know, maybe some internal revolt that collapses the whole thing back into national armies. Regional warlords that sort of thing. Whatever happens, it will redraw the maps of the world and shock the survivors into a very long period of reflection. Just get out of the way. Don't let them chip you, vaccinate you, or trap you in their cities. It's going to be grim.
