

Larp Rising

US3R284620	21-SEP-20_17:08:34	No.6332	<p>This is more like a diary of the descent into madness as we get within a few weeks of the American election.</p> <p>It looks like more and more news sites are being blacked out before Nov 3rd. Fighting the corporations for connectivity might be a losing battle. The robots answering the phones are disconnecting you, the operatives are saying that their systems are down. There's something very creepy going on.</p>
